Shooting Tips

- 1.) All Thompsons are VALUABLE. Use only new American made quality ammunition.
- 2.) Most shooting malfunctions are caused by improper cleaning and lubrication, weak springs and bad magazines. Good news is all of these can be easily cured.
- 3.) Consider replacing original parts with good condition Military parts.
- 4.) Make a reduced copy of your ATF Form 4 or 5, fold and roll it into the Butt Stock Oil Can hole. This will make transporting the firearm legal and easier..
